| https://youtu.be/X8cEOB2_qbU | Web of connection.<br>In my mind map, I thought of many ways of connection. The most interesting one may be 'what if there is a wrong connection'? this soon developed into a fly being trapped into a deathly trap of a spider web.<br>Motion graphics is heavily used in advertisement, web design and many other commercial areas, in this week it has uncracked the code of the mystery of so many things I've seen on TV, and it is also less time consuming than traditional animation. Was helpful to try. |
