Illustrator, Animate,
After Effects,
Premiere Pro

Toonboom
Harmony

Public Speaking

Team Work

Languages

Chinese - Mandarin

English

Japanese N5

In University I created various experimental and traditional animation, stop motion and gained great experience in character, environmental, background and creature design. I have a vivid fluid art style that is adaptable, and can keep up with tight deadline while maintaining quality.

I have experience volunteering in art galleries, and I am confident in presenting to a large audience. I have also studied and held exhibitions at the Hampstead School of Art over three years, and taken art courses at renowned colleges like Central St. Martins and the London College of Communication.

I value discussions and remain calm when working in a team, I am a fast learner and enjoy learning new skills. I am also trying all different positions to expand my skill set.
